

How to Add Verso (VSO) to Metamask

You may notice that Metamask's default token list isn't exhaustive. Don't worry. We can still add tokens that don't automatically appear in the search list. Let's look at 2 options to add **Verso** to our account:

a) Directly from Metamask:

Once we are logged in to the wallet, we will select the Avalanche Network & at the bottom we will click the option to **"Import Token"**

We need to enter the required information for the \$VSO token (you can find this on blockchain explorers such as [SnowTrace](#)):

Here's a snapshot of Verso's Snowtrace profile, we can use the "Profile Summary" info to fill the Metamask form:

Token VersoToken

DeFi Marketplace

Overview ERC20

PRICE: \$0.04 @ 0.000521 AVAX (+0.57%)

FULLY DILUTED MARKET CAP: \$3,713,204.58

Total Supply: 100,000,000 VSO

Holders: 4,927 addresses

Transfers: 84,446

Profile Summary

Contract: 0x846d50248BAf8b7ceAA9d9B53BFd12d7D7FBB25a

Decimals: 18

Official Site: <https://verso.finance/>

Social Profiles: [Icons for various social media platforms]

We will enter the following data into the respective fields on Metamask:

- **Token Contract Address:**
0x846D50248BAf8b7ceAA9d9B53BFd12d7D7FBB25a
- **Token Symbol: VSO**
- **Decimals: 18**

Once we fill the “Token Contact Address”, the remaining fields will usually auto-fill. Always double check the token contract address to make sure it is not a fake version. Finally we will select Add Custom Token to save!

b) Adding \$VSO Token to Metamask Wallet Using CoinGecko

We just need to head to [CoinGecko's](#) search browser and look for the [Verso](#) token (VSO)

Once we are on the Verso profile, we just need to click on the small Metamask's logo (orange fox head) in the "info" section. This will open our Metamask and we will be able to add VSO to our wallet.

The image shows a screenshot of the CoinGecko website displaying the profile for Verso (VSO). The page includes the following information:

- Rank: #2053
- Price: \$0.03399690 (up 0.1%)
- 24H Range: \$0.03144238 to \$0.03426718
- Market Cap: \$1,473,475
- 24 Hour Trading Vol: \$90,464

An overlay titled "Add Suggested Tokens" is positioned in the center, asking "Would you like to import these tokens?". It lists the VSO token with a balance of 0 VSO. At the bottom of the overlay are "Cancel" and "Add Token" buttons.

On the right side of the page, there is a social media section with the following links:
